

Why just have a party, when you can create a

Noteable Event

The Premiere Catering & Event Planning Organization

The difference between a party and a Noteable Event is more than just food. It is imaginative locations, dramatic presentations and impeccable service.

Imaginative Locations

We might suggest a Grand Warehouse, a Museum, a Cultural Center, a Tented Chalet or even your own home.

Dramatic Presentations

Let us create the stage with a dramatic display of lights, florals, banners and props. Your guests will be captivated the moment they arrive throughout their stay.

Impeccable Service

Let us dazzle your guests and provide the sizzle of enjoyment and attention to everyone.

The Noteable Events philosophy is to deliver to its guests an artful culinary and service experience. Whether our guest requests a simple breakfast or luncheon, a corporate open house, a sporting event, a wedding of their dreams or a gourmet dinner for two, the Noteable Team will make the event special, memorable and hassle-free.
